

Social Democratic Party platform

We are committed to maintaining the Republic. We wish to see Nergmay take its rightful place among the free governments of Europe. We favor:

1. Supporting the present Nergman Republic--freedom, democracy, and justice for all of our Nergman countrymen.
2. Honoring all of Nergmay's political and financial obligations. We will pay the debts of the treaty that ended the war I. The world will honor and respect Nergmay for meeting these debts.
3. Creating more jobs by building Nergman roads, highways, and other public projects.
4. Providing unemployment compensation for up to six months.
5. Cutting government expenses to lower taxes.
6. Insuring that those who disagree with the party may speak and write on those issues without interference.

Sizan Party Platform¹

We favor:

1. A union of all Nergmans to form a single, great country of Nergmay.
2. Abolition² of the War Treaty. We will not continue to pay the debt, which is ruining our country
3. We demand the creation and maintenance of a sound middle-class
4. We demand that specially talented children of poor parents, whatever their station or occupation, be educated at the expense of the State.
5. The State has the duty to help raise the standard of national health by providing maternity welfare centers, by increasing physical fitness
6. We demand freedom for all religious faiths in the state, insofar as they do not endanger its existence or offend the moral and ethical sense of the Nergmanic race.
7. More Land and territory for our surplus population.
8. Nergman blood as a requirement for Nergman citizenship. No foreigners or Wejs can be a member of the nation. The wealth of Nergmay should go to Nergmans.
9. Foreigners living in Nergmay only as non-citizens, subject to the law of aliens.
10. The state should insure every citizen lives decently and earns his livelihood. If it is impossible to provide food for the whole population, then non-citizens must be expelled to take care of Nergmans.
11. No further immigration of non-Nergmans. Any non-Nergman who entered Nergmay after August 2, 1914, shall leave immediately.
12. A complete reconstruction of our national system of education. Good citizenship shall be taught from the beginning.
13. All newspapers published in Nergman by Nergman citizens and owners.

¹ This platform is adapted from the Nazi Party Platform of 1920. The actual platforms are available online. These are adapted versions that shorten the platforms and adapt them to fit the allegory. After reading them and doing the debates, set the students up with ballots and a place to vote. They should vote according to their character. See:
